

A4NH Partners by Category

The A4NH research program is working with diverse relations with a multitude of organizations ranging from pure transactional relationships to full partnerships or is in the process of engaging with them.

Depending on their roles, partners are classified into four broad categories in addition to the CG Centers:

ENABLERS

Enablers are policy and decision makers as well as investors who are all involved in the creation of enabling environments at different national, regional, international, and global levels;

[Concern Worldwide](#)

[Department of Agricultural Research Services \(DARS-Malawi\)](#)

Department of Animal Health and Production (Cambodia)

Department of Animal Health, Ho Chi Minh city (VN)
