Buying & selling of inputs

### Changes to existing domains:

Leadership → Agency or Voice

## Training #3: WEAI

A

### WEAI Indicators

- input into prod. dec.
  - buying chx
  - feed
  - vac./mod.
  - feeding equip.
  - hatchery mgt. (labor) + (decision)
  - change to improve breed
- autonomy in prod.
  - do women maintain aut. of prod.?
- gender attitudes about production of 0000
  - larger livestock
  - other

## Training #3: WEA1

# B

### Indicators / Information

# of chickens and type local/hybrid  
\* discuss if keeping "chicken" is useful

All current WEA resource indicators  
are valid

→ Add

Add ownership of chicken and

Control of sale of egg/meat/bird  
How secure is women's control over chicks/adult birds?

? Decision making control over eggs -  
and consumption in general  
Who decides if they are sold or consumed by hh?

Contextual issues (Norms/Agency)

Land ownership  
Literacy

Free-ranging animals  
Competing uses of resources (backyard land use)  
Consumption - Income -

## QUAL. INQUIRIES

What do you set out of it?

- Types of groups, motivation to participate  
what does membership mean? what groups exist?
- Gender of group participants  
acceptability of mixed gender
- Mobility norms and other restrictions/constraints to women's participation (location, timing, other duties)  
social norms, permission
- social network analysis?
- possibility of political influence
- ~~see~~ perception of women leaders in community  
identify men

Qs on production/skills groups only  
NRM

## Additional Leadership INDICATORS

- Quality of participation (role)
- Market literacy + comfort (e.g. bargaining, confidence, soft skills, reading a scale)
- Mobility (to specific locations)
- market networks (#contacts & #locations to sell product)
- do you know if groups exist?  
↳ what are your options?

## Training #3: WEAI

# E TIME

① Indicator =  $TES$  (workload)  
(leisure)

Reasons: The workload  $\uparrow$   
leisure  $\downarrow$  } Income

② Context of Workshop: duration  
 $\checkmark$  Gender participation  
 $\checkmark$  Duration

③ Additional information: (Is it profitable?)  
— (Cost, nutrition)  
(Income)  
— Sustainability of the enterprise

④ Additional indicators  
~~time labor saving technology~~  
~~to~~ Amt of time saved  
 $\times$  Time on care giving
